NOTIFICATION OF TERMIDOR SC TREATMENT

California American Exterminator Company, Inc. will be rendering an outdoor Termidor SC Treatment on your complex.

This letter is to inform you of the safety precautions required of all tenants.

The perimeters of the buildings will be sprayed for ants on _____ between 7am – 5pm.

Please do the following:

- Close windows
- Take in all pet food dishes, toys and clothing.
- Please avoid the treated areas that are still wet. Do not let children or animals play in sprayed areas until the areas are dry.

If you have any questions, please contact your manager before the scheduled service. Your cooperation will be greatly appreciated.

“State law requires that you be given the following information:

CAUTION: PESTICIDES ARE TOXIC CHEMICALS. Structural Pest Control operations are licensed and regulated by the Structural Pest Control Board and apply to pesticides which are registered and approved for use by the California Department of Food and Agriculture and the U.S. Environmental Protection Agency. Registration is granted when the state finds that, based on existing scientific evidence, there are no appreciable risks if proper use conditions are followed or that the risks are outweighed by the benefits. The degree of risk depends upon the degree of exposure, so exposure should be minimized.

ANTICOAGULANT REACTION:

If Rodenticide ingestion occurs, you may experience symptoms of mild shock or bleeding.

PESTICIDE REACTION:

If within 24 hours following application you experience symptoms similar to common seasonal illnesses comparable to the flu: “Contact your physician or poison control center and your pest control operator immediately.”
