## NOTIFICATION OF EXTERIOR POWER SPRAY TREATMENT

Dear Resident,

A professional Pest Control Technician will be at our complex on \_\_\_\_\_ between the hours of \_\_\_\_\_ AM/PM and \_\_\_\_\_ AM/PM.

**THIS LETTER IS TO INFORM YOU OF THE SAFETY PRECAUTIONS REQUIRED OF ALL TENANTS.**

### PREPARATION REQUIREMENTS:

California American Exterminator Company, Inc. will be rendering an exterior common area treatment which may include treatment of dumpster areas, laundry rooms, clubhouse(s), pool area(s), office area and foundations. This is for the control of spiders, ants, rodents, cockroaches and other general garden insects.

- Please close all windows.
- Take all pet food dishes, toys, and clothing inside.
- Cover all barbecues, patio and deck furniture.
- Please avoid treated areas while it is still wet.
- Do NOT let children or animals play in sprayed areas until the area is dry.

**If you have any questions, please contact your community manager.**

**THANK YOU FOR YOUR COOPERATION**

**State law requires that you be given the following information:**

**CAUTION: PESTICIDES ARE TOXIC CHEMICALS.** Structural Pest Control operations are licensed and regulated by the Structural Pest Control Board and apply to pesticides which are registered and approved for by use by the California Department of Food and Agriculture and the U.S. Environmental Protection Agency. Registration is granted when the state finds that, based on existing scientific evidence, there are no appreciable risks if proper use conditions are followed or that the risks are outweighed by the benefits. The degree of risk depends upon the degree of exposure, so exposure should be minimized.

**ANTICOAGULANT REACTION:**

If Rodenticide ingestion occurs, you may experience symptoms of mild shock or bleeding.

**PESTICIDE REACTION:**

If within 24 hours following application you experience symptoms similar to common seasonal illnesses comparable to the flu, contact your physician or poison control center and your pest control operator immediately.
